

ICE FACTOR

Spectacular

Thursday 7th September- Hilton Adelaide Ballroom 7pm "A fashion parade to help young people"

Adelaide's at risk disadvantaged youth invite you to the Ice Factor Spectacular, a proud production by generous professionals and volunteers who believe in us. This incredible evening of fashion will be held from 7:00pm on Thursday 7 September 2006 in the Ballroom of the Hilton Adelaide.

The Ice Factor is a life skills program which assists disadvantaged children identified by high schools. These children will feature in a spectacular fashion parade produced by Don Moir of Infomt Events and choreographed by Brigette Mitchell of Finesse Modelling Agency, Luke Schapel from Moodswinger and Kerry McGee. The funds raised will enable the program to continue and expand.

Our special guests for the evening include George Spiero of the 'George' label Sydney, guest speaker Cobey Abberton, world champion Australian surfer and a surprise guest. The evening will also feature an auction by Bernard Booth and Claire O'Connor.

The evening will be compared by Cheryl Lee Harris, formally of Channel Seven.

Tickets are \$85 each and include a delicious three course dinner, champagne, wine beer and soft drinks. Maximum of ten people per table. To book your ticket/s please send back the slip below, together with your cheque/money order or credit card details. Telephone Enquiries can be made by calling Kim at the Hilton Adelaide on 8237 2620 during business hours.

Payment must be received with your booking and made no later than Monday 28 August 2006, unless tickets are sold out prior to this date.

I look forward to seeing you at the very special event. And thank you for your support

Graham Fowlie- President SAISF (a non-profit voluntary group)
 Marie Shaw QC- Coordinator Ice Factor

The Ice Factor program is the subject of a Channel 7 documentary...
"Ice Factor is a one hour television special hosted by Leigh McClusky that will air on Channel Seven on Saturday, August 19 at 6.30pm.
Ice Factor follows the inspiring eight week journey of the self confessed 'scoundrels of the school' - from learning the basic skills of skating and then ice hockey (taught by Adelaide Avalanche Coach John Botterill), to letting go of their anger on the ice and working as a group, and finally the formation of Team Reapers - a successful and professional ice hockey team." Channel 7
